Narrative Response: Another very good paper

Last week I wrote this in response to your first paper, “the main virtue of this paper is the flow, the continuity. The paper flows gracefully from logical point to logical point.” The same could be said of this paper.

You make a bit of a rough start with paragraph one. The last sentence is kind of a stinker, halting and garbled. Happily you right the ship with the second paragraph. The first sentence of your final paragraph is also overly complex and a bit garbled. Otherwise I have no complaints. This is a fine paper, keep up the good work!!
